QUALIFI

LEVELS 4-7 IN AESTHETIC PRACTICE

Anna Camarinha BSc

CEO & LEAD EDUCATOR

LITTLE BEAUTY ACADEMY PRESENTS

UNDERSTANDING QUALIFI LEVEL 4, 5, 6 & 7 IN AESTHETIC PRACTICE WITH OUR LEAD EDUCATOR

The level 5, 6 & 7 is a qualification that was devised in order to standardise the quality and content of the training available to practitioners of non-surgical aesthetics procedures. Tighter general regulations on non-surgical interventions were implemented after a report by Health Education England (HEE) outlined the required levels of competence for all treatments in the industry.

A regulatory framework was created collaboratively between a number of associations, enforced by two independent bodies – the Joint Council for Cosmetic Practitioners (JCCP) and the Cosmetic Practitioners' Standards Authority (CPSA.) In simple terms, this means that there are more stringent general regulations about to come in place, limiting those who are able to satisfy the necessary standards for practice to those who are suitably qualified, and thereby increasing the safety of patients.

Anna Camarinha BSc
CEO & LEAD EDUCATOR

UNDERSTANDING QUALIFI LEVEL 4, 5, 6 & 7 IN AESTHETIC PRACTICE

WHAT IS IT

The Level 4, 5, 6 & 7 aims to provide an industry-standard qualification in a currently under-regulated sector. Through an intensive mix of practical and theoretical coursework, delegates are armed with the tools they need to begin their career in aesthetics.

The rationale of the programme is to provide a career path for learners who wish to develop their aesthetic practice capabilities within the health and aesthetic sector. The expected outcome of the certificate, which is the achievement of a recognised UK qualification, is for learners to develop the skills required by organisations and the aesthetic industry globally.

It's expected that the Level 4, 5, 6 & 7 qualifications will soon be recognised as the mandatory minimum level of certification to practice aesthetics legally.

However, its not just about staying compliant; it's about being at the forefront, mastering the nuances of aesthetic medicine, and becoming the best version of oneself as a practitioner. At Little Beauty Academy, our Level 5, 6 & 7 courses have been meticulously designed to offer this very expertise, ensuring our graduates don't just meet industry standards but set them.

IS IT MANDATORY

Currently, the regulations set out regarding requirements for practising aesthetic medicine are lacking. However, tighter general regulations on non-surgical treatments were implemented after a report by Health Education England (HEE) outlined the required levels of competence for all treatments in the industry.

Because of this, it is an industry-wide expectation that professionals administering non-surgical injections should have completed the Level 7 qualification. This is equivalent to a postgraduate degree.

WHY CHOOSE TO TRAIN AT LITTLE BEAUTY ACADEMY

In the world of aesthetics, where results are visible and reputations are at stake, being well-prepared for change is your best ally. Equip yourself with the best: choose Little Beauty Academy for comprehensive aesthetics training.

Remember, quality treatments begin with quality training. Your journey towards mastering aesthetic starts here.

OTHER QUALIFI COURSES WE OFFER

Level 3 Basic Life Support & Anaphylaxis Management **£250**

The aim of the QUALIFI Level 3 Award in Basic Life Support and Management of Anaphylaxis is to provide learners with the skills, knowledge and understanding to provide basic life support and management of anaphylaxis. This is an essential qualification for any aesthetic practitioner.

This qualification is for individuals with a specific interest or a responsibility at work, home or for a voluntary community activity, who are expected to be able to provide basic life support and manage anaphylaxis in an emergency.

Successful completion of the QUALIFI Level 3 Award in Basic Life Support and Management of Anaphylaxis provides learners with the opportunity to progress to further study or employment.

Level 4 in Anatomy & Physiology Aesthetic Practice **£499**

The Level 4 Certificate equips learners with the knowledge and understanding of Anatomy and Physiology, focusing on the science that supports the judgments and choices made routinely by practising aestheticians.

The Certificate will enable learners to work independently and intuitively, with science at the core of the decision-making process.

The Certificate will also provide learners with opportunities to develop the necessary competencies for further study or employment.

Level 5 Award in Needlestick Injury, Infection Prevention and Control **£300**

The aim of the QUALIFI Level 5 Award in Needlestick Injury, Infection Prevention and Control is to provide learners with an understanding of the advanced aesthetic procedures and the associated essential underpinning knowledge to perform micro-needling safely within their role in the field of non-surgical cosmetic procedures. Learners will develop practical skills for a career specialising in advanced micro-needling.

Successful completion of the QUALIFI Level 5 Award in Needlestick Injury, Infection Prevention and Control provides learners with the opportunity to progress to further study or employment within the Aesthetics industry.

OTHER QUALIFI COURSES WE OFFER

Level 6 Award Advanced Skin Boosters

£1500

Take your aesthetic career to the next level with the Qualifi Level 6 Award in Advanced Skin Boosters — a prestigious, Ofqual-regulated qualification designed for practitioners ready to master the art and science of advanced injectable skincare.

This qualification combines the latest clinical techniques with in-depth theoretical knowledge, empowering you to deliver advanced skin rejuvenation treatments that enhance hydration, elasticity, and overall skin health from within.

Level 6 Award in Vitamin and Mineral Injections for Wellbeing

£1500

Unlock the power of nutrition from within with the Qualifi Level 6 Award in Vitamin and Mineral Injections for Wellbeing — a groundbreaking qualification designed for professionals who want to safely and effectively deliver vitamin therapy to enhance client health and vitality.

This advanced course provides a comprehensive understanding of the science, safety, and practice of administering vitamin and mineral injections for wellbeing — an increasingly in-demand service across the aesthetics and wellness industries.

Level 6 Award in Complication Management for Aesthetic Practice

£800

In the ever-evolving world of aesthetics, client safety is paramount. The Qualifi Level 6 Award in Complication Management for Aesthetic Practice is an Ofqual-regulated qualification designed to equip aesthetic professionals with the knowledge, confidence, and clinical skills to recognise, manage, and prevent complications effectively.

Whether you're an experienced injector or progressing in your aesthetic career, this qualification ensures you can deliver advanced treatments responsibly and safely — with the confidence to act quickly and competently when complications arise.

OTHER QUALIFI COURSES WE OFFER

Level 5 Award in Body Dysmorphic Disorder and Psychological First Aid

£600

Unlock the keys to understanding and addressing body dysmorphia and psychological first aid with the Qualifi Certificate in Body Dysmorphia Education. Gain valuable insights into this complex mental health condition through expert-led courses. Learn how to identify symptoms, provide support, and promote body positivity in individuals struggling with body image issues.

Level 7 Award in Clinical Aesthetic Procedures: Poly-L-Lactic Acid (PLLA) Dermal Fillers

£900

The aim of the QUALIFI Level 7 Award in Poly-L-Lactic Acid is to provide you with an understanding of advanced aesthetic procedures and essential underpinning knowledge to perform dermal fillers safely and effectively. You will develop practical skills to advance your career in elective PLLA non-surgical cosmetic procedures. During the program, you will gain advanced theoretical and practical knowledge of Poly-L-Lactic Acid (PLLA) dermal filler procedures, supporting the development of clinical expertise in patient assessment, product selection, procedural execution, and complication management.

HOW OUR ONLINE TEACHABLE VIRTUAL CLASSROOM SUPPORTS STUDENT LEARNING

Engaging, Accessible, and Interactive Learning

Our Teachable-powered virtual classroom is designed to make learning flexible, engaging, and effective for every student. With on-demand video lessons, downloadable resources, and interactive activities, students can access quality education anytime, anywhere. This accessibility empowers learners to study at their own pace while still feeling supported by instructors and peers.

Personalised Learning Experience

Each student can chart their own learning journey through personalised progress tracking and automated feedback. Quizzes, assignments, and milestone checkpoints help learners see how far they've come — and where to focus next. Our platform's adaptive design ensures that whether students are revising key concepts or advancing to higher levels, they're constantly challenged appropriately.

Real-Time Support and Connection

Through integrated discussion boards, live Q&A sessions, and community spaces, our virtual classroom bridges the gap between online and in-person learning. Students can connect with instructors for guidance, collaborate with peers on group projects, and share reflections — all within a supportive and inspiring digital environment.

Multimedia-Rich Instruction

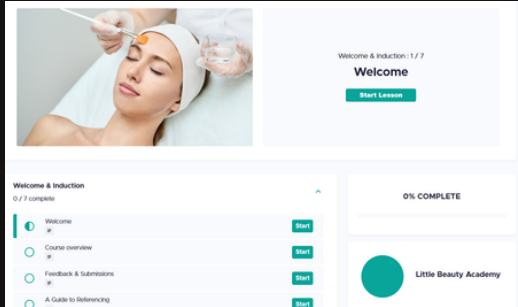

Our courses blend video demonstrations, practical exercises, and digital resources to cater to diverse learning styles. Visual learners benefit from video walkthroughs, while hands-on learners thrive through step-by-step tutorials and practice modules. This multimodal approach keeps students motivated and ensures deep understanding.

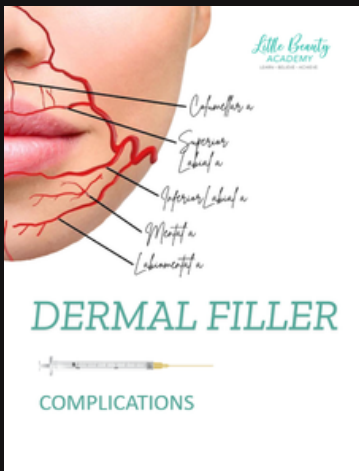

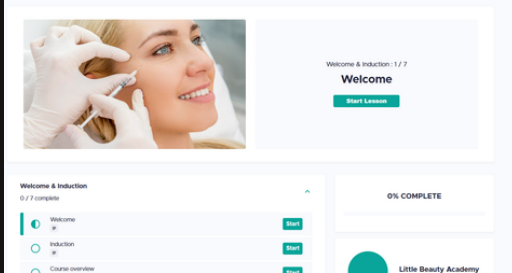

Continuous Growth and Feedback

Learning doesn't stop when the lesson ends. Our Teachable classroom provides continuous feedback through automated assessments and instructor input. Students can review their progress, revisit lessons, and build confidence in applying their skills in real-world contexts.

HOW OUR ONLINE TEACHABLE VIRTUAL CLASSROOM SUPPORTS STUDENT LEARNING

QUALIFI LEVEL 7 IN AESTHETIC PRACTICE

ANNA CAMARINHA EXPLAINS WHY YOU SHOULD TRAIN WITH US

At Little Beauty Academy, we are passionate about education, growth, and safety within our industry. Our student support is second to none, before, during, and after training, and we take pride in our impressive 98% student return rate. As an EQA for Qualifi, I possess the skills, knowledge, and competencies to guide and support learners through these qualifications effectively. Key reasons to train with us include-

- Full student support
- Award-winning
- Experienced teaching team, who all hold a full teaching qualification
- Lots of practical experience for our students
- Expert facility
- 5-star consistent reviews
- Access to online learning with loads of extra resources
- Qualifi Centre (Our lead educator also works for Qualifi as an External Quality Assurer)
- Friendly and supportive training
- Full comprehensive training resources
- New techniques and courses available to keep you one step above the competition

WHAT OUR STUDENTS SAY ABOUT US

'Another very enjoyable class at the Little Beauty Academy. This is my go-to place for training, where I stay up to date with the latest treatments and techniques for my clinic. All the girls are excellent teachers, their knowledge is outstanding, and they are always there for ongoing support. The academy is situated in an ideal location for those seeking an institution that will support and provide consistent training.'

Thank you Ruth

'I've just completed my ninth training course at LBA. The most recent training completed was the Polynucleotide (PN) Skin Booster course with Amanda, and it was amazing. Training was thorough, and numerous models were provided to ensure that student competency, knowledge, and confidence reached the highest level. LBA is not just an academy for learning and training; it's much more than that. LBA is like an extended family... supportive, friendly, professional, nothing is too much for them. Their support does not end the minute you walk out the door after training is complete. If you are thinking about training in aesthetics and still haven't decided on your training academy, choose Little Beauty Academy, I cannot recommend them enough.'

Thank you Rebecca

'I attended the Bio Amouring liquid threads course yesterday, and all I can say is the 7-hour round trip was definitely worth it!!! The course was so thorough and in-depth, and lots of models to practice on too! All the girls are so lovely, thank you so so much.'

Thank you Charlie
